## MISSIONS SHOPPING EVENT AUGUST 12TH

Like any other store, Salt & Light's grocery is open to the public and everyone one is welcome to shop. There are a huge variety of items at very affordable prices. The new **Urbana** location is a full grocery stocked with fresh produce, frozen meats, dairy, bakery items, canned goods, cleaning supplies, soft drinks, and a pharmacy aisle! The shelves are full of popular name brands as well as lower priced store brands. Contrary to popular belief, S&L is not just a grocery for those who are struggling financially. It is for everyone and not just a "poor people's" store! The whole community can shop together and choose what they want to purchase. However, for those who are unable to use financial resources, **volunteer credit** is another option. The grocery serves families and individuals struggling with chronic food insecurity and gives them access to opportunities and resources for a fuller and successful in life.

August 12th at 1:30pm, church members will meet at the Urbana Salt & Light location. We will enjoy a short tour and a time to shop together to support this vital ministry. Participants will receive a canvas shopping bag decorated by the children of the church (right).
